

Safety, Easy Color Changing, Speedy!

Low-Speed Stirrer

KATSUMIC KU Series

U.S.A. Patent No.08-716.644
British Patent No.2.308.313
Utility Model Patent No.2531225
& 2544510

*Compatible to Any Filler!
Drive unit and blades lift up together to
faciliate color changing and speedy cleaning of tank
Additional blades designed for
DH specification (Optional)*

Time required for power / mixture blend:
20 minutes (approximately)
Low speed rotation gives less clogging of
tank blades
Compact motor saves energy
Single speed control of rotating blades
Center pole attached to inner fin prevents
the mixture rotating with the blades
One touch adjustment of blades / low clearance
Drive unit can be raised 800mm (KU-500)
Tank cover prevents mixture spattering
Moving frame with safety catch
Outlet lock mechamism
If the operation is paused, the timer ratains
the remaining time.
